RIMAGE PRODUCER™ V+ DISC PUBLISHING SYSTEM

Robust and Reliable, Engineered for Performance

The next generation Producer V+ is the most powerful disc publishing system from Rimage, engineered for 24x7 performance. With industrial grade robotics, direct-to-disc printing and professional recording technologies, Producer V+ meets the world's most challenging disc publishing demands for CD, DVD and Blu-ray Discs™. Advanced features such as SSD startup & cache combine with powerful enhancements including filtered positive airflow and front removable hard drives to bring you unrivaled performance and quality.

Powerful printing

Producer V+ systems have the world's best full-color and monochrome thermal disc printers, providing top of the line printing and industrial-grade production in one scalable package.

Quick turnaround

Designed for 24/7, high-volume and unattended production, Producer V+ systems publish hundreds of customizable discs per day, so you can deliver customer-tailored discs faster.

Superior performance

A four-bin carousel and 100-disc external output bin are standard with the Producer V+ system, enabling four media types to be available concurrently. The reliable Rimage robotics are designed to output discs continuously for years, and filtered positive airflow improves system operation and efficiency.
